Reports and Communications

--Mayor

Mayor Stout indicated he will give a short report on his conversation with the County regarding Old Trenton Road later on in the meeting when the Township Committee discusses the resolution # R 04-10-064.

Mayor Stout reported he will attend the New Jersey Conference of Mayors meeting on Wednesday and Thursday and hopefully hear some updates concerning COAH and Governor Christie's speech on "the State's Financial Health".

--Members of Committee

Mr. Cook reported there are comments being circulated concerning the definition of a municipality being "compliant" in regard to Senate Bill-1 vs. being compliant per the Task Force. With S-1 a Township would be compliant with 7.5% of its total housing inventory for affordable housing. The rumor was it is 20%. Mr. Cook reported the figure only applies to new residential housing developments. Mr. Cook stated the hope is the two (2) parties will reach a "happy medium".

Reports and Communications  
--Members of Committee

He stated the Township is in the process of entertaining proposals on what a municipality can look for as far as a contractual agreement with a company as opposed to individual residents paying. Mr. Cook reported by the end of the year the Township determine if it wishes to pursue it and will hold informational presentations from companies for the public.

Mr. Cody reported the Township officially had been certified by COAH last week.

Mr. Cody indicated he had a few reports from Mr. Taylor, who is absent this meeting:

Mr. Cody (on behalf of Mr. Taylor) indicated the proposal for the sidewalk at the Police Station will be \$7,400 as opposed to \$16,000 as had been budgeted. Mr. Cody (on behalf of Mr. Taylor) also reported the Public Work's building bathroom is being fixed by at a price under \$17,500 and includes a full re-model. Ms. Smeltzer, Township Administrator, has photos of the damage if anyone should wish to look at them.

Mr. Cody reported Mr. Taylor had attended the Parks Commission meeting and they had met with the Civil War Association regarding the monument for the 14<sup>th</sup> Division. A dedication ceremony is scheduled for June, 2011.

Cranbury Township Ordinance # 04-10-03

A motion to enter an Ordinance entitled, "Cranbury Township Ordinance # 04-10-03, AN ORDINANCE AUTHORIZING A SPECIAL EMERGENCY APPROPRIATION IN THE AMOUNT OF \$125,000 FOR THE PREPARATION AND EXECUTION OF A COMPLETE MASTER PLAN UPDATE IN AND BY THE TOWNSHIP OF CRANBURY, IN THE COUNTY OF MIDDLESEX, NEW JERSEY", was presented for second reading and final adoption. The Ordinance was published in the Cranbury Press, posted on the Township Bulletin Board and copies were available to the public. The Mayor opened the public hearing on the Ordinance. Mr. Bruce MacDonald, owner of MacDonald's jewelers in Yardville, asked what plans the Township has in conjunction with the update of the Master Plan as in Hamilton Township they updated their Master Plan and decided to put a windmill farm in a blighted area as well as an "arts area". He stated he would speculate the Township of Cranbury will come up with something similar. Mayor Stout responded is not the intent of the Township to do so and the update is to the Township's existing Master Plan. The Township will be looking at the viability of the downtown area as it is currently planned and zoned. Also areas that will be looked at are East of Route 130 and the Route 130 corridor. There is no intent to establish a retail zone. Mr. Cook added retail is a component of the update. Mr. Cody reported there have already been meetings for public input. Mr. MacDonald stated America used to be 40% industrial and now is 2% industrial. Mr. MacDonald asked how much of the items listed to be repaired in Ordinance # 04-10-04 are going to be performed by the Township's Public Work's Department and what percentage of items that need to be re-built are going to be done by a public contractor. Mayor Stout explained the Township has a pretty active Public Works Department however they are not going to perform the repairs on the building. Mr. MacDonald asked if the Township hires a public contractor is it going to pay them the prevailing wage as State law requires. Mayor Stout responded the Township is bound by State law to do so. Mr. MacDonald stated the Township is then forced by State law to hunt around for the highest labor. Ms. Smeltzer added when the Township reaches a certain threshold, it is required to pay the prevailing wage. Mr. Stannard stated the Township is required, under the State law, to put a job over a certain amount out to bid and then to accept the most responsible lowest bidder. Mr. Stannard stated, with all due respect, this is not the appropriate

forum to speak on the subjects he is referring to; the present discussion is on the ordinance to update the Master Plan. Mr. MacDonald recommended the Township come up in the Master Plan facilitating industry. Mayor Stout reported the Township does in fact have light industry as well as agricultural industry which are also an important industry to preserve in "what is called the Garden State". Mayor Stout added, with all due respect, the Township's Master Plan is very supportive. Mayor Stout added Cranbury taxpayers, on their own backs, have contributed monies to protect and preserve the agricultural industry in this Country and before there was and industrial revolution there was an agricultural revolution upon which this Country was built and the Township is very aware of it as are the residents who live here. Mr. MacDonald requested the Township lobby Trenton to change some laws to lure some industry back into the State. Mr. Cook recommended Mr. MacDonald get in touch with his Congressional representatives as they will have more of an impact than the Township going to the State representatives. Mr. Dan Mulligan, Old Cranbury Road, thanked the Township Committee for re-opening the Master Plan for review. No one else present wished to speak, so the hearing was declared closed. On motion by Mr. Stannard, seconded by Mr. Cody, the Ordinance was adopted by a vote:

Mayor Stout asked how the fees change from the past to the present resolution. Ms. Beth Veghte, Chairperson, Board of Recreation, explained the Rec Board increased the field use fees and included a fee for the new baseball field. Mr. Stannard asked if this is on a percentage basis. Ms. Veghte responded some of the fees actually remained the same while some were increased

by \$25.00 and some by \$50.00. Mr. Cook asked if there is an average percentage on the ones that were increased. Ms. Veghte responded she did not figure out the fees and does not know the percentages. There is no change other than implementation of language for the new baseball field. Ms. Veghte stated the fees are fairly comparable to other towns and some are lower than other towns. Mr. Cook asked how the increases are announced to the users. Ms. Veghte stated everyone that usually utilizes the fields was told prior to the season that there would be increases. Mayor Stout indicated the Rec Board is actually paying less than it costs to pay the officials to be at the games and also the trainers.

Resolution

***Mayor Stout reported he had reached out and spoken with Freeholder Christopher Rafano and the County Engineer after the last Township Committee meeting at which the Old Trenton Road issue was discussed. Mayor Stout also thanked Mr. Cook for working with the Township's Engineer, Mr. Tanner, to find a way to move this forward and be able to achieve a 35 m.p.h. speed limit. Because of changes that have occurred with Title 39, the Township is now able to have the speed limit changed. Mr. Cody asked why the speed limit is 35 instead of 40 m.p.h. and Mayor Stout explained according to Title 39, it can only be 25, 35 or 50 m.p.h.***

On motion offered by Mr. Cook, seconded by Mr. Stannard, the following resolution was adopted by vote:

Reports from Township Staff and Professionals

Ms. Cunningham, Clerk, announced she had attended the County Clerk's Meeting recently and was informed there were grant monies available under the "Help America Vote Act" (HAVA). Ms. Cunningham applied to furnish the two (2) outside staircases leading to the Senior Room and Boy Scout Room with one (1) handrail each. The costs will be \$1,800 and will be completely covered by the grant with no cost to the Township.

Mayor Stout reported the Township Attorney is not present this evening as the Township has instituted a recent policy concerning the Attorney's presence at meetings. If, after reviewing the upcoming Agenda, if there are not any issues requiring the Township Attorney's presence, it saves the Township from having to pay for her to be at the meetings. Mayor Stout added she will be at some meetings however, not at all the Township Committee meetings.

Mr. Steven Fittante, Middlesex County Transportation Director, presented and discussed with the Township Committee and the public, the new "M6 Shuttle Service" which will be available to the residents starting on Saturday, May 15, 2010. Mr. Fittante stated the bus service will start in Jamesburg, continue to Monroe Township, Plainsboro and Cranbury and finally will end at the Princeton Junction Train Station during the hours of 6:00 a.m. until 7:00 p.m. In addition the bus service will be provided to stop at the new development of the University Medical Center at Plainsboro as well as the development of the Village area in Plainsboro. The system will operate on a flag stop basis. The bus driver will pull over on North Main Street wherever it is safe to do so. Mr. Fittante indicated it is up to the Township to designate bus stops along North Main Street should it desire. Mr. Cook asked if this will be a pilot program. Mr. Fittante indicated the first five routes are for five (5) years and felt the opening of the new hospital next year will help the service to continue. Mayor Stout asked if there is some type of announcement that the Township can post on its web site. Mr. Fittante also reported any residential deviation would have to be scheduled 24 hours ahead.

b). Discussion of Cranbury Township's Possible Participation in the Preservation of the "Kurek Farm"

The Township Committee discussed the Township's possible participation in a farmland preservation application to the Middlesex County Agriculture Development Board for the Kurek Farm. Ms. Smeltzer reported the Township Committee had asked she find out what time frame there was for the Township Committee to make its decision. Ms. Smeltzer stated the County had not had the appraisal done yet. Mr. Cook stated it is his understanding the County will be paying for the appraisal and asked for the Ms. Smeltzer to check on the appraisal. Mayor Stout asked Ms. Smeltzer to convey to the County the Township Committee would like to continue discussions with the County and the landowner. Mayor Stout recommended forming a subcommittee to keep the dialogue going on the issue. The subcommittee will consist of Mr. Taylor and Mr. Cook and will be known as "the Kurek subcommittee".

Reports from Township Boards and Commissions

Ms. Cunningham, Clerk, announced the Annual Report from the Shade Tree Commission has been received.

Ms. Kirstie Venanzi, President, Library Board of Directors, reported she and Frank Marlowe, Library Board Member had met with Assemblywoman Linda Greenstein to raise their concern with the present legislation concerning libraries and the funding cuts recently made by the Governor. Assemblywoman Greenstein was very receptive to their concerns and proposed a meeting with Pat Tumulty, President, New Jersey Library Association as well as Norma Blake from the State Library.

Marilynn Mullen, Director of The Cranbury Public Library, gave the Library's Annual Report. Ms. Mullen reported more than 65,000 people came through the Library door last year and checked out over 50,000 items and the Library Staff answered over 6,600 questions. In addition, 5,000 people attended the Library's 260 programs. Ms. Mullen reported the Library starts educating children almost at birth. The Library's "Toddler Time" is introduction to the Library with both books and music. The children then graduate to "Pre-School Story Time" and other childrens' programs. Last year the Summer Reading Program had over 300 participants reading over 4,000 hours. During the school year, the Library provides children in grades K-12 with reading materials for class and school projects. Ms. Mullen stated less than 2% of a household's taxes go to support a Library which amounts to \$175.00 per year for the average Cranbury home. Ms. Mullen reported in 2009 the Library received a grant to provide services to the autistic community. They offered seminars and conducted programs for autistic adults. A defibrillator was purchased for the Library and provided CPR Training for all staff members. Cranbury Library placed in the top 5% of small American libraries for 2009. Staffer Doug Baldwin placed third in the New Jersey State Library Video Contest, "Solving Life's Problems" showing two residents how to use the internet to "find a companion" through a dating service. Ms. Mullen distributed to the Township Committee a summary of the Library's expenses for the last five (5) years. Mayor Stout thanked Ms. Mullen for a "very thorough analysis" and asked to have it available to the public. Mr. Cook stated as a resident of Cranbury Township he has always utilized the Library's services and thanked Ms. Mullen for the Library getting involved in the town as well as providing its resources to residents.

Report from Chairperson Beth Veghte, Board of Recreation Commissioners on outstanding baseball field items.

Ms. Beth Veghte, Board of Recreation Commissioners discussed with the Township Committee members the new baseball field items that need to be acquired. Ms. Veghte reported former Mayor Pari Stave helped the Township get a \$175,000 grant for the field. Ms. Veghte reported Jeff Graydon, Director of Fields, Bill Tanner, Township Engineer, Ken Jacobs, Recreation

Director and Greg Farrington, Construction Official worked on obtaining quotes for the necessary items for the ball field. Mr. Cody explained this is known as "Phase II" of the project. Ms. Veghte reported years ago there was a committee that wanted the baseball field to fit in with the neighboring farm land. At the time, the committee looked at having dugouts which resembled corn cribs. In speaking with Jeff Graydon and Bill Tanner, they indicated that particular design was not the best idea as they are made of wood which would not be durable. Mr. Cody added those types of dugouts are prone to vandalism and the metal roof on the corn crib dugout would be like a heater for the team. Ms. Veghte reported the decision was made to go with fencing similar to what is presently around the outfield and to surround the fencing with wind blocks which is a fabric stretched all the way around and it is about three (3) feet wide. It can be taken down in the winter time. Ms. Veghte reported this is a much more cost-effective way to go. The fencing for the dugouts is about \$10,000. Ms. Veghte reported the dugouts will be approximately 42' in length. Mayor Stout suggested the subcommittee order "equipment bag racks" as the children usually hang their bags on the fence and it can be a problem and as long as the Township is buying a bat and helmet rack, they should purchase an equipment bag rack. Ms. Veghte reported the total cost for the dugout will be approximately \$23,000.

Ms. Veghte reported a solar-powered scoreboard will be very cost effective and will cost approximately \$10,000. The solar scoreboard comes with backup batteries and costs \$10/year to run. If it is electric power, it will run about \$20,000.

Ms. Veghte reported the subcommittee will be purchasing two (2) sets of aluminum bleachers and will be installed on concrete slabs. The bleachers will hold approximately 50 people each. Also, one bleacher will come with two (2) cutouts in the front for the handicapped, or they can order the bleachers and extend the concrete slab out to accommodate the handicapped. The total cost for the bleachers will be approximately \$22,000.

Ms. Veghte reported the subcommittee checked on installation of a well to irrigate the baseball field as well as a tie-in line for the irrigation of the soccer fields which are located on the school property. The approximate cost if the Township ties into the school's line will be approximately \$25,000. Ms. Veghte stated Ken Jacobs, Recreation Director and Greg Farrington, Construction Official, will oversee the purchasing of the items.

Ms. Veghte and Mr. Cody asked the Township Committee to approve the items. A motion by was by Mr. Cook, seconded by Mr. Stannard and unanimously carried, to approve the recommended items as presented by the baseball subcommittee:

Ms. Veghte reported by mid-May the field should be ready.

Public Comment

The Mayor opened the meeting to public questions and comment. Mr. Richard Kallan, 10 Wynnewood Drive, stated his opposition to purchasing a \$10,000 scoreboard and suggested a chalk board be used instead. Mr. Bruce MacDonald, Hamilton Township, reported at Veterans Park the Township recently approved \$200,000 to upgrade the flood lights on the soccer fields at

Public Comment (Continued)

Veterans Park and urged the Township not to do the same with the baseball field. Mr. MacDonald also asked why the Kurek farm is being sold and why the County wants the Township to participate. He suggested having the owner just sell the farm. Mayor Stout responded it will be deed restricted so it cannot be developed. The easement will be for agricultural use only and the long-term economics are attractive. Mr. Dan Mulligan, Old Cranbury Road, asked of the \$175,000, what amount is being spent for the items for the baseball field. Mayor Stout responded \$86,000. Ms. Beth Veghte, Bunker Hill, stated she recently had to park behind Teddy's Restaurant and the parking lot at the Senior Housing does not have a "curb cut". Anyone handicapped has to walk into the road in order to get to the one road and suggested someone investigate. Mayor Stout responded he will send Mr. Thorne, Public Works Director, out to look at it. Ms. Veghte also asked when the issue of the center medians on Old Trenton Road are going to be addressed. Mayor Stout responded the driveway at Millstone Park will be re-aligned and left-hand turn lanes will be installed. Ms. Veghte raised her concern some of the parking spaces on the road will be eliminated and Mr. Stout indicated some will. Her suggestion is to make the parking lot larger at Millstone Park as whenever there is a baseball or soccer game there are at least ten (10) cars parked on the road. Mr. Cook indicated he will speak with Mr. Tanner, Township Engineer and they will work to resolve the issue. Ms. Connie Bauder, Petty Road, spoke against municipal garbage service. Ms. Bauder reported she had read recently in the paper municipalities that have provided the service are now sorry. She referenced the Township having three (3) companies providing service and residents are signing three (3) year contracts now with those companies and there are other items the Township needs to spend its time on. Mr. Richard Kallan, 10 Wynnewood Drive, stated he used to have Midco who recently raised their fee. He changed to a new company for one (1) year at \$25/month (with a 95 gallon container) and is saving approximately \$250 per year. Mr. Kallan suggested the Township investigate the company to see how much they would charge the Township. Mr. Cook added the Township will have a referendum on the ballot in November to ascertain the sentiments of the residents. Mr. Bruce MacDonald, Hamilton Township, reported half of New York City's garbage is recyclables. Hamilton Township provides garbage pick-up as part of residents' taxes. However there is so much vegetation thrown out with the trash it is becoming a problem and suggested having two (2) days of collection; one (1) day for vegetation and the other for recyclable items. There being no further comments, the Mayor closed the public part of the meeting.

Mayor's Notes

Mayor Stout thanked Stony Brook Millstone Water Shed for organizing the stream cleanup this past weekend.
