Reports and Communications

--Mayor

Mayor Cook reported last week he attended the Mayors' Legislative Day hosted by the League of Municipalities in Trenton. He reported a bill concerning affordable housing and how it will be perceived in the future was brought up for discussion. He stated the bill, generated out of East Windsor and submitted by Senator Linda Greenstein, addresses affordable housing and bringing back the "RCA," (Regional Contribution Agreement) which would allow one Township through a funding mechanism give another township its allocation to build affordable house. Mayor Cook reported Speaker Sweeney is not a fan of the RCA in the classic sense; however the new RCA would be a combination of two (2) items: funding for actual structures and housing and also a portion that would go to social services that surround the families that would most likely occupy affordable housing.

He stated next year the Township will have to spend funds to upgrade the infrastructure. Mr. Mulligan stated he is very comfortable with how the IT system is configured, including redundancy at both sites as well as cloud backup. Ms. Goetz inquired what would happen if one server failed, and Mr. Mulligan stated it could be replaced within a number of days. Public Hearing  
Community Development Block Grant

Mayor Cook officially opened the Public Hearing on the 2017 Community Development Block Grant of \$22,737.00. Ms. Cunningham announced, for the record, that this public hearing was advertised in the Trenton Times, posted in the Senior Room at Town Hall, posted at the Township's senior housing, posted on the Township's website, and posted on the Bulletin Board.

Mr. Mark Berkowsky, President of Cranbury Housing Associates, described for the public that the Community Development Block Grant Program is a federal program that flows through the County and the County administers the money. He reported when he first started the annual funding was approximately \$40,000 a year and that has now dwindled down to a little less than \$23,000 a year, which has remained fairly constant the last several years. Mr. Berkowsky explained that money comes to Township through an application grant program. He stated an application is completed every year, the details of the program are explained to the public and they propose what the funds should be used for each year. He stated in the past HVAC system and water heaters have been replaced. He stated they are hoping to use this year's funds to offset site engineering costs. He reported to date, the Township has received approximately \$100,000 in total under this grant.

Mayor Cook asked if there were any questions or comments from the public, and having none, closed the public portion of the hearing. He thanked Mr. Berkowsky for all of his time and hard work with affordable housing. Mayor Cook requested a motion to adopt the Resolution.

He stated the "soft" costs are eating up the budget. He stated it will be

important to get the apartments rented so the construction loan, which is expensive, can be converted to permanent loan, which is much cheaper. Mr. Berkowsky estimates funding will be needed around the June timeframe. Mayor Cook clarified that the water was the only item that was above and beyond what the budget called for.

Mr. Berkowsky stated CHA will start advertising for pre-applications for tenants on February 17<sup>th</sup>. He stated that period is for 90 days, which satisfies a requirement for veterans. After that 90-day period, there will be a lottery called a "random prioritization" because it is how the applications are viewed. He stated that process will be done in public in the Meeting Room where names will be picked and numbers assigned. Around May 24<sup>th</sup> applications will be put in different "buckets" according to family size and income to see who is qualified. Mr. Berkowsky stated final applications will be mailed on May 30<sup>th</sup> and on June 1<sup>st</sup> they will start showing the property. He stated occupancy should be between June and September. Mr. Berkowsky stated it is essential to obtain the easement to proceed with the Project. Ms. Marabello stated she spoke with the attorney earlier who reported a Judge still had not been assigned to the case and also the courts were backlogged. She emphasized to the attorney that this was high priority; however, the attorney cannot force the case to be scheduled. Ms. Goetz inquired about applicants currently on the affordable housing waiting list. Mr. Berkowsky explained this will be a separate list, and applicants will have to reapply to be considered for the Applewood Court lottery. He stated the units should be fully occupied within the three-month period. Ms. Goetz inquired if there is a demand and would a lottery be necessary. Mr. Berkowsky stated there is demand.

Mr. Berkowsky stated CHA submitted a document as a request to the Court to allow the income levels to be updated on an annual basis. He stated COAH has not adjusted the levels over the past several years. The Township Committee thanked Mr. Berkowsky for his report.

Public Comment

Mayor Cook opened the meeting to public comment.

Mr. Richard Kallan, Wynnewood Drive, inquired if there was any discussion at the Mayors' Conference in Trenton concerning reimbursement of utility taxes to towns. Mayor Cook stated the Mayor of Princeton did raise the question, and the parties concerned to hear the question were in attendance at the meeting. He stated there is no movement in either direction; however, there is an awareness that those monies should be returned although there is no timetable to do so. Mayor Cook stated there was discussion on the gas tax. Mayor Cook stated the Federal Government will match the tax dollar for dollar for the State's infrastructure.

Mr. Mulligan explained to the public that had the Township received its utility tax reimbursements over the past years, the Committee would not have had to raise taxes. Mr. Mulligan stated Cranbury receives no State aid, residents pay a large amount of personal income taxes, fund our own schools and do not receive the utility tax reimbursement. He stated he finds it very frustrating. Hearing no additional comments, Mayor Cook closed the public portion of the meeting.
